Dry Around Alpine and Pecos, but Cattle Are Reported Doing Well

The Easiest Way
To End Dandruff

There is one sure way that never falls to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this just get about four ounces of plain, ordinary fluid avvos; apply it at uight when retiring; asseenough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be some, and three of tour more applications will completely dissolve and entirely destroy every ringle sign and trace of it, and marter how much dandruff you may have.

Reported Doing Well
